INVIITA

PITCH

Inviita is the only app in the world that automatically creates city tours, according to the occasion.

Tell inviita what you're in the mood for and the app will give you a collection of places and activities combined into an itinerary that you can customize and share with your friends. With more than 65M points of interest it can be used in every city in the world, making it the perfect app to plan a vacation, a getaway or to discover your own city.
